RE: \_\_\_\_\_

Dear: \_\_\_\_\_

Please be advised that the above referenced client is a potential candidate for home monitoring through WatchTower. \_\_\_\_\_ would be an acceptable candidate for the program should the Court so order. The terms and conditions of the home monitoring program have been attached for your review.

Should the Court determine that our program is suitable, please make certain that any Court Order specifies any activities in which the client is permitted to participate. This should include items such as employment, counseling, and other times when the client will be permitted to be away from the residence. It will be necessary that a copy of the court order be delivered or faxed to our office immediately.

The electronic monitoring program can be initiated on the date of sentencing, or immediately upon release for a pretrial sentence, if required by the Court. If you should need any additional information, please do not hesitate to call

Very truly yours,

Calvin E. Jones III
